Expo 2022

Sesh Book

The Sesh Book is intended to be taken to every sesh at the Gasthof, so the Bier Book can remain in the Potato Hut. For each sesh, the table recording attendees, amount owed and amount paid is the primary reference for the treasurer and should be completed accurately. The totals give a quick check that everything has been accounted for. The space on the opposite page can be used for recording the details of what each person had, and for tallies etc. Any other details that might make it easier for the treasurer to decipher the receipt should also be noted.
